

## BRONZE BALL VALVE – GROOVED END CONNECTION

### FEATURES

- Roll groove end connections
- Bronze body
- Full bore
- Manufactured to internal standards
- Generally suitable for fire protection and distribution services, water, oil and compressed air
- Body: Bronze ASTM B584 C84400
- Ball: Hard chromed bronze
- Seat: PTFE Pipe Tape
- Handle: Stainless steel c/w locking device

### TECHNICAL DATA

- Code: VBLG-(size OD)
- Size Range: DN40
- Max. Working Pressure: 2100 kPa
- Max. Working Temp: 220°C
- Test Pressure: 3500 kPa hydrostatic shell  
2600 kPa hydrostatic seat

### DIMENSIONS
