

## ROLL GROOVED TRANSITION COUPLING

### FEATURES

- Reduces pipe size within the flexible coupling
- Used to connect API (USA) size pipe, valves and fittings to British Standard size pipe, valves & fittings.
- Galvanised finish only
- Correct coupling and gasket selection is important to ensure correct pipeline performance. If in doubt, please contact our office.

### TECHNICAL DATA

- Code: FWG-COU-(size OD)-(size OD)
- Size Range: DN76/73 and DN165/168
- Working Pressure: 300psi, 2100 kPa

Model # GT-402A

### DIMENSIONS

DN SIZE	A	C	Wt (kg)
<b>73 x 76</b>	146.8	45.0	1.8
<b>165 x 168</b>	276.0	50.8	6.5
